E.

- I understand that ice skating involves risks of serious bodily injury, and that U.S. Figure Skating (USFS), the Ice Club of Baltimore (ICOB), and the Reistertown Sportsplex undertake no responsibility for injuries suffered while participating in club sessions and activities. I agree not to sue the ICOB or its officers or other representatives for any injury or damage not resulting from their gross negligence.
- I am also aware that the exact schedule of events within each club session may be adjusted during the season. For instance, while group lessons are normally scheduled during the skating sessions, the lessons may occasionally be temporarily suspended to allow time for other club activities, such as competitions and show rehearsals.
- Children under 12 must be accompanied by a responsible adult. ICOB reserves the right to restrict the skating privileges of a member or guest at individual sessions for the violation of that or other club rules.
- This membership expires June 30, 2010, along with all related U.S. Figure Skating registrations. For instance, while group lessons are normally scheduled during the general skating session, they may be temporarily suspended to allow time for other club activities, such as show rehearsals.
